

SPACESHIP OF PEACE

"A UFO!" a wise man cried,
"I saw it in the sky!"
Two other wise men saw it too
As it went moving by.

They followed long; they traveled far;
At times they lost the light.
At last they came to Bethlehem
And saw it shining bright.

Some shepherds saw the aliens,
Who bade their fears to cease;
Before they launched their ship in space
They sang of joy and peace.

Someday the Baby whom they left
Will visit earth again
To take His people to a Land
Where peace shall ever reign.
